TODD R. HARDEMAN

Location: Travis AFB, CA 94534 | **Phone**: 559-553-5761 | **Email**: todd.hardeman@us.af.mil

Clearance: Secret | **Rank**: Technical Sergeant (June 2026) | **AFSC**: 2A974 (Heavy Aircraft Avionics)

PROFESSIONAL SUMMARY

- **Operations Project Manager**: 8+ years of experience leading high-consequence technical missions and large-scale organizational initiatives.
- **Systems Architect**: Architected and managed secure enterprise networking, encrypted global connectivity, and the integration of hardware/software architectures.
- **Innovation Strategy Lead**: Implemented AI/ML and automation, delivering significant enterprise cost avoidance.
- **Technical Investigator**: Directs high-level incident reviews and fills senior leadership vacancies to maintain operational continuity.

CORE QUALIFICATIONS

- Team Leadership & Mentoring
- Project Lifecycle Management
- Organizational Management
- Software Development (Full-Stack)
- Process Improvement
- Strategic Planning & Implementation
- Classified/unclassified Enterprise Networking
- Root Cause Analysis
- MS Power Platform Development
- Resource Management

PROFESSIONAL EXPERIENCE

Lead Systems Specialists (Deployed) *September 2025 - Present*

***Supervisor**: MSgt Preston Manni (205-306-9936)*

Scope and Impact: Managed large-scale technical logistics and synchronized global connectivity assets and secure data-link architectures in support of national-level strategic directives.

- **Secure Networking Management**: Maintained and operated complex integrated data systems, providing connectivity to high-value assets and facilitating national-level strategic directives.
- **Operational Leadership:** Managed interoperability across diverse hardware for joint-service teams and led technical production enabling the interdiction of high-profile security targets.
- **Fleet Resource Management**: Led organizational-level multi-specialty technicians orchestrating logistics and maintenance actions for a multi-billion dollar aviation fleet.
- **Organizational Development**: Identified technical skill gaps and created solutions by designing a cross-functional training framework that increased total organizational qualifications.
- **Integrated Systems Maintenance**: Resolved critical mechanical and software failures across diverse hardware and software architectures.

Lead Software & Project Manager *March 2025 - September 2025*

***Supervisor:** MSgt Adam McDonough (951-609-6084)*

Scope and Impact: Transitioned from technical lead to strategic project manager, translating AI/ML, software development, and MS Power Platform capabilities into executive briefs for senior leadership and academic partners.

- **Executive Project Management:** Directed the organizational inspection and compliance programs for 17 distinct departments and managed compliance programs for the Air Force's largest air mobility wing.
- **Strategic Leadership**: Filled a senior leadership vacancy (commissioned officer level) by engineering an automated reporting system that increased data accuracy for 18th Air Force general officers.
- **Systems Engineering**: Mitigated long-term systemic vulnerabilities by creating a hardware solution that reduced annual maintenance costs via enterprise-wide implementation.
- **Stakeholder Liaison**: Orchestrated external partnerships between military and academic institutions by co-developing a digital task tracking application that eliminated training backlogs for the organization.
- **Digital Transformation**: Modernized administrative infrastructure for an enterprise-level organization by launching a custom intake application.

Aviation Communications/Avionics Technician *June 2021 - March 2025*

Supervisor(s): *MSgt Corey Matera (850-890-6666) & MSgt Preston Manni (205-306-9936)*

Scope and Impact: Executed root cause analysis and technical investigations for the stand-up of a new global weapon system. Maintained total accountability for classified/unclassified assets and served on high-visibility safety investigation boards.

- **Technical Investigator**: Analyzed complex data as lead technical expert for a high-level safety investigation board, analyzing complex data to shield a fleet of aircraft from systemic operational risk.
- **Systems Implementation:** Led the activation of new operational units on both the east and west coasts to manage equipment procurement and initial workforce qualification.
- **Operations Oversight**: Directed training objectives and professional development for personnel as Acting Non-Commissioned Officer in Charge (NCOIC) to support high-priority mission requirements.
- **Security & Compliance Manager**: Managed a high-value classified asset program for compliance with security protocols across nearly 500 mission-critical operation cycles.
- **Advanced Systems Maintenance**: Executed thousands of technical actions on integrated electronic/communication/network suites, maintaining system availability for global aviation missions.

SECONDARY DUTIES

Systems Training Manager

Coordinates between diverse organizations to ensure technical requirements are met for an enterprise-level workforce. Analyzes training metrics and advises leadership on qualification trends.

Safety Investigation Board SME (Root Cause Analysis)

Primary technical expert for high-level safety investigations. Analyzed telemetry and mechanical data to develop corrective actions adopted by a 179-unit fleet.

Agile Micro-Team Lead and Coordinator

Recruited and assembled elite technical teams (3–5 personnel) to resolve high-priority technical discrepancies for multi-billion dollar aviation assets.

EDUCATION & TECHNICAL CERTIFICATIONS

- **B.S. Computer Science (AI/ML Focus)**: Arkansas State Univ. (In Progress)
- **Full-Stack Software Developer Bootcamp Graduate**: Galvanize Inc. (SDI) (2025)
- **FCC General Radiotelephone Operator License (GROL)**
- **A.S. Engineering Technology**: DeVry University (2024)
- **A.S. Avionics System Technology**: Community College of the Air Force (2022)
- **COMPTIA Security+** (In Progress)

HONORS & AWARDS

- **2025 Gen Larry O. Spencer Innovation Award Nominee**
- **2025 Non-Commissioned Officer of the Year Nominee**
- **2024 Non-Commissioned Officer of the Year (**Wing Level / 60 AMW)
- **2023 Non-Commissioned Officer of the Year** (Squadron Level)
- **Air Force Good Conduct Medal** (2023)
- **Air Force Commendation Medal** (2023)
- **2022 Airman of the Year** (Wing, Group, and Squadron Level)
- **Air Force Good Conduct Medal** (2020)
- **Air Force Achievement Medal** (2019)

PROFESSIONAL INTEGRITY STATEMENT

My professional foundation is built upon technical/communication accuracy, transparency, and the highest standards of ethical conduct. I have been entrusted with the Air Force's most sensitive safety investigations because I maintain a standard of excellence that does not allow for the misrepresentation of data. I am prepared to bring this same "no fail" mindset to the White House Communications Agency.
